BS EN ISO 9001 : 2000

20 April 2017

To whom it may concern,

This Letter of Explanation is written to certify that Eurolube F1110 General Purpose Degreaser is non-perishing to elastomers and compatible with common elastomer-polymers such as:

- NBR (Nitrile Rubbers)
- FKM (Fluoroelastomers)
- EPDM (Synthetic Rubbers)
- FFKM (Perfluoroelastomers)
- PTFE (Teflon)
- PU (Polyurethane)
- UHMWPE (High Molecular Weight Polyethylene)

The constituent materials used in the formulation is non-damaging to polymers at the given concentrations. Furthermore, due to the intended application of the product and short exposure time, the tendency of damage is further minimized.

Eurolube Chemicals is fully owned and manufactured by United Resources Marketing Services Pte Ltd.

Thank you.

Yours Sincerely,

Raleigh Liew
Managing Director
